### **Welcome Letter:**

*Dear Hope Mills Medical Home Patients,*

We would like to welcome you to the Hope Mills Medical Home (HMMH) and to let you know about the pharmacy services that are available to you as a HMMH patient.

A small pharmacy is available for your convenience at the HMMH to fill your NEW (or RENEWAL) prescriptions from your provider immediately following your appointment. This pharmacy is stocked with Womack outpatient pharmacy formulary, and on rare occasion, your medication may not be available on site. Arrangements can easily be made with the pharmacy staff to ensure your prescription needs are met. The pharmacy's primary mission is to provide efficient pharmaceutical services and extensive medication counseling to only those patients who are assigned to the HMMH.

For your refill needs, the highly efficient voicemail refill line (910) 908-2239 at HMMH will need to be utilized. You may call in refills for 90 day supply 10 days before they are due and 30 day supply 7 days before they are due @ 910-908-2239. These refills will be filled by the Hope Mills Medical Home Pharmacy Staff and will be available at your convenience for pick-up at the Hope Mills Medical Home Pharmacy after 1 p.m. the following business day.
